## Education

### A Bachelor's degree in Landscape Architecture

Mahanama collage, ganemulla

Landscape technician with 3+ years of experience. Dedicated to maintaining existing landscapes and designing new ones with a focus on meeting client requirements and budgetary constraints. Specialize in creating low maintenance gardens that reduce clients' water use by an average of 30% and significantly reduce upkeep costs. Looking to make use of my skills to create beautiful and cost-effective projects for Groundforce Landscaping Pros.

### Work Experience

#### **Landscaper | GreenScape Solutions, Colombo** Jan 2020 – Present

- Designed and maintained commercial and residential landscapes, improving client satisfaction by 30%.
- Installed irrigation systems and maintained lawns across properties ranging from 500m<sup>2</sup> to 5 acres.
- Supervised a team of 4 junior landscapers and ensured compliance with safety standards.
- Completed hardscaping projects including patios, walkways, and garden features.

#### **Assistant Landscaper | EcoGarden Services, Kandy** Jun 2017 – Dec 2019

- Assisted in the planting and maintenance of seasonal flowers, shrubs, and trees.
- Operated mowing, edging, and trimming equipment to maintain high-quality grounds.
- Supported senior landscapers in soil preparation and irrigation installation.
- Developed knowledge in sustainable landscaping practices.
